In his latest book, acclaimed photographer and writer Chris Chapman takes us on a journey into the forgotten landscapes of England and beyond. *More Travels into Haunted Landscapes: Ghost Towns and Forgotten Lives* is a collection of stunning photographs and evocative text that explores the ruins of abandoned towns, villages, and other forgotten places.

Chapman's photographs are hauntingly beautiful, capturing the eerie stillness and decay of these once-vibrant communities. His text is equally evocative, bringing to life the stories of the people who lived and worked in these places. We learn about the miners who toiled in the coal mines of County Durham, the fishermen who sailed from the now-deserted port of

Staithe, and the farmers who struggled to make a living on the windswept moorlands of Yorkshire.

More Travels into Haunted Landscapes is a fascinating and atmospheric journey into the past. It is a book that will appeal to anyone interested in history, photography, or simply the beauty of forgotten places.
