Jane's journey begins with the Year of the Rat, when she eats a ratatouille made with rat meat. She then moves on to the Year of the Ox, when she eats a steak from a Kobe beef cow. As she continues her journey, she eats animals from all over the world, including a rabbit, a snake, a horse, a sheep, a monkey, a rooster, a dog, and a pig.

Through her culinary journey, Jane learns about the different ways that animals are raised and slaughtered for food. She also learns about the cultural and religious significance of different animals in different cultures.

My Year of Meats is a thought-provoking novel that challenges readers to think about the ethical implications of eating meat. It is also a celebration of the diversity of life on Earth.
